PRINCESS HELENA COLLEGE

Mission Statement

Excite, enrich and empower students to best prepare them for a competitive world.

We do so by providing:

- a broad and balanced curriculum within a happy, safe and caring environment
- first class University and career advice and guidance

Princess Helena College is an educational environment where students:

- realise their academic potential and achieve the best possible results in public examinations
- develop their strengths and skills through a wide range of activities and opportunities beyond the classroom
- think independently and grow in confidence, courage and compassion
- take responsibility for themselves and others and develop a sense of service to the community

Values

- the encouragement of intellectual curiosity and academic achievement
- a culture of praise, encouragement and self-reliance
- all types of boarding at every level of the school
- the importance of the boarding community for all pupils

Expectations of Students

Respect and Courtesy

All students are expected to behave with courtesy and respect for others. This includes:

- greeting people with a smile and comment as appropriate
- opening doors for others and standing back letting adults go through doors
- entering the dining hall in an orderly way, allowing staff and guests to go to the front of the lunch queue and not shouting in the dining hall
- standing when an adult enters a classroom
- being punctual for lessons, form periods, assemblies and other appointments
- showing respect for property and other people in spoken, written and electronic communication

Bounds and Security

1. Students will be allocated with door access cards, which they must wear at all times.
2. In the interest of safety, the following are out of bounds: cellars; boiler rooms; outbuildings and roofs. The pool is only to be used when permission has been given by a member of staff and the pool is supervised by a qualified lifeguard.
3. Matches, candles, lighters, joss-sticks and incense etc. are a fire risk and are not allowed in school.
4. On hearing the fire alarm leave the building in silence, by the nearest exit, and gather on the Patch.

Academic Work

5. Students should work quietly during all specified prep times and private study periods.
6. Academic work should be handed in on the date set. Extensions for prep or other set work must be sought, in person, from the appropriate member of staff. (Staff will follow the school's discipline policy if prep is not completed on time).

Dress and Mobile Phones

7. School uniform should be clean, correct and in good order at all times. Black flat shoes must be worn. *Please refer to uniform list on following page*
8. Long hair must be tied back and visible make-up and nail varnish must not be worn.

10. One pair of stud earrings, one simple ring and a discreet necklace can be worn with uniform.
11. Sixth Formers do not have to wear school uniform on a daily basis, although they may choose to do so. However, formal uniform (purchased from Perry's Uniform) must be worn on certain occasions, for example when students accompany tours, at events, and when visitors are in school. When formal uniform is not worn, clothing must be neat, tidy and appropriate i.e. smart business attire. *Please refer to uniform list on following page*
12. Students in years 7 and 8 hand in their phones in the morning, these are collected at the end of the day. Year 9 are able to keep their phones but these are not to be used at school. Sport

The school runs a number of sporting teams. Fixtures are generally after school and on Saturdays although some do occur during the school day. It is a great honour to represent the school and students should try to take every opportunity to reach their full potential. If selected for a team, students are expected to make themselves available for fixtures and practices.

Boarding Principles and Practice

Princess Helena College is a day and boarding school with full, weekly and flexi boarding options. We believe in the value of all types of boarding at every level of the school and the importance of the boarding community for all students, including day students.

We strive to provide a happy, healthy and caring boarding environment where pupils are able to develop and flourish. Each individual is encouraged to develop her own character and sense of self, growing in confidence, courage and compassion.

We believe that boarding should complement, not replace family life, and the pupil's House is her home from home and the centre of her personal life. We aim to create a supportive and relaxed environment where each student can develop at her own pace.

Boarding staff seek to guide students appropriately, using praise and encouragement liberally whilst upholding high expectations of behaviour. We want each boarder to feel that she is a valued member of the community and able to make a contribution to it.

Boarding provides the opportunity to experience a kind of community life that pupils may not experience again but which brings many benefits to them in preparing them for life after school. Pupils learn to be tolerant of each other, yet they learn to be independent too. The boarding environment offers a rich variety of experiences and we want the experience to help them to develop culturally, creatively, physically, spiritually, morally and socially.
